Make Instant Loan Payments on Your Terms with

RISE Payments

A New Service from ERCU

With RISE Payments, you have the option to now make your loan payments online from another institution, using just your account and routing number. From our website, www.ercu.org, simply click on the RISE button from our home page and enter the information requested.

Next, you will be able to see your loans listed, and choose to make a one time payment or schedule recurring payments. You can set up to have the full amount drafted or a custom amount. If you want to have all your future loan payments automatically drafted from another institution, this will allow you to set that up. You will choose your payment option and then enter the account and routing information from your other institution:

*Pay-off Disclaimer - The total principal balance may not be the actual pay-off amount, pay-off amount may have additional interest due.
*Payment details are updated daily, and some payments may be posted to your account on the following business day.

As Of Date : 12/19/2024
